Math Instructor

Enthusiastic, positive-minded and highly motivated educational professional with more than 15 years of teaching experience and an innate ability to easily explain mathematical concepts and problem-solving techniques. Highly skilled at employing different instructional approaches to engage students with varying learning styles. Continuously researching and adopting new techniques to improve instructional effectiveness.

Core Strengths

- | | | |
|---------------------|--------------------------|--------------------------------|
| • College Algebra | • Business Math | • Introductory College Math |
| • Remedial Math | • Curriculum Development | • Technology Integration |
| • Assessment Tools | • Classroom Management | • Student Motivation |
| • Critical Thinking | • Conflict Resolution | • Interpersonal Communications |

Highlights of Experience

Curriculum development – Co-developed Math for Electronics, Math Across the Curriculum and Developmental Math courses at Bear Lake Technical College, as well as customized courses for employers at both BLTC and Northern Technical College.

Technology integration – Taught math to multiple campuses via interactive television and taught faculty how to use this technology at Northern. Have also assisted students with online learning in a learning lab and participated in a pilot project on using a specialized math software program at BLTC.

Diversity management – Highly skilled at altering teaching approach to address the needs of different ethnic groups, ability levels and learning styles.

Subject matter mastery – Excellent academic background in math with a strong commitment to lifelong learning and professional development; awarded Academic Distinction and Outstanding Senior Award as an undergraduate; 3.95 resident undergraduate GPA and a 4.0 graduate-level GPA.

Professional Experience

BEAR LAKE TECHNICAL COLLEGE, Bear Lake, Wisconsin

1999-Present

Instructor

- Assist students in the Academic Support Center with math applications for a variety of academic programs including nursing, respiratory therapy, electronics, civil engineering and auto mechanics.
- Integrate computers and technology in improving instructional and record keeping effectiveness.
- Co-develop curriculum and teach collaboratively with other faculty, offering students a higher quality learning experience by bringing together different instructor skills, experiences and knowledge.
- Teach career awareness course for students undergoing career transitions.

Accomplishments:

- Introduced several improvements to enhance the efficiency of the student records system in the Academic Support Center.

BEAR LAKE TECHNICAL COLLEGE, Bear Lake, Wisconsin (Continued)

Accomplishments:

- Developed and incorporated several new teaching methodologies and rubrics to improve effectiveness of current math classes.
- Co-developed an orientation procedure that introduced students to Academic Support Center while satisfying state requirements for facilitating student academic readiness.

NORTHERN TECHNICAL COLLEGE, Eagle Falls, Wisconsin

1991-2004

Adjunct Instructor

- Taught math (College Math, College Algebra and Business Math) and psychology courses (Introduction to Psychology and Developmental Psychology).
- Facilitated a seventh-grade through Algebra, Geometry and Algebra II math program for Native American students.
- Trained Literacy Council volunteers.

Education / Certifications

BLAKE UNIVERSITY, Blanton, Missouri

2004-Present

Master of Science degree in Psychology

- Coursework completed so far includes 5 quarter credits in graduate-level statistics.

UNIVERSITY OF WISCONSIN-EAU CLAIRE / LA CROSSE / STOUT

1992-2002

Graduate school coursework in Math, Psychology and Education

- Earned 21 credits, including three credits of math.
- GPA: 4.0

UNIVERSITY OF WISCONSIN-EAU CLAIRE, Eau Claire, Wisconsin

1990

Bachelor of Science degree

- Major: Mathematics; Minor: Psychology with Secondary Education certification.
- Awarded Academic Distinction and Outstanding Senior Award.
- Earned a GPA of 3.95 on UW-Eau Claire coursework after transferring from UW-Platteville.

WISCONSIN TECHNICAL COLLEGE SYSTEM

- Certified Math Instructor
